

Potato Monster Puppet

by Sian Kidd (of Bristol)

Learn how to make a unique marionette using natural and found objects from your garden, readily available art materials and...a potato! This activity encourages the sustainable use of recyclable materials that can be either reused or composted, continuing the cycle of renewal and growth.

MATERIALS LIST

- 1 medium potato
- String
- Scissors
- 2 strong sticks from the garden roughly a thumb width thick
- Bamboo skewer or similar
- Interesting objects from the garden!

(Try looking for thick twigs, interesting shapes of wood, snail shells, pine cones, leaves, seeds, stones or shells- everything can be used as something!)
