welcome

Welcome to the 9th Beverley Puppet Festival – for the first time online!

The award-winning Beverley Puppet Festival usually fills the streets with excited onlookers. Giant creatures roam Toll Gavel, Butcher Row and the Flemingate Centre; tiny, magical worlds are revealed to unsuspecting audiences in the Friary Gardens and indoor shows for all ages from 3–103 take place at The Friary, East Riding Theatre, Beverley Masonic Hall and Toll Gavel Church Hall.

This year however, the Covid-19 pandemic faced us with the painful prospect of cancelling it all. Unthinkable! We have decided instead to go online! This is a whole new adventure for the festival team and one that now spans two months instead of just one weekend! Can you help us to spread the word to reach as many people as possible?

Live performances are very different from the medium of film, so this year the emphasis is on what we all can do at home, not on filming finished performances which we would prefer to see live. We have commissioned three artists' videos per week to start appearing from May 18th – July 12th to inspire and invite people of all ages to participate in a diverse range of puppetry-related activities that can be completed at home.

Our festival theme is **BACK TO NATURE** to which our artists will each bring their own unique interpretation and we encourage our audiences to do the same. The original stimulus for this theme is the current climate change crisis. Unless nature is respected, important eco-systems which are needed to support human survival will collapse.

The festival (even in this current format) would not be possible without the support of Arts Council England, East Riding of Yorkshire Council, Molescroft Parish Council and the previous support of Beverley Arts Trust who helped us grow and flourish from 2006–2018.

Sending our best wishes to you
and your families,
Anna and Kerrin

EDUCATIONAL OUTREACH PROJECT

Photo credit: Barnsley Museums and Kyte Photography

Throughout this online festival, care home residents in Beverley will be taking part in a remotely-created pilot project by Hull-based Anglo-Indonesian puppet company, Indigo Moon Theatre. Thanks to the dedication of activity care home workers Elaine at Figham House, Jimmy & Amber at New House and Tracey & Emma at Beverley Grange, residents are having a go at shadow theatre using pre-prepared kits, a video tutorial and messages from outside!

If you have friends or relatives living in New House, Figham House or Beverley Grange, we'd love to hear from you – especially if you Skype/Zoom! More places may also join the fun and we're looking forward to uploading video clips of everyone's shadow theatre work, whether that's a simple dance on the wall, a singing puppet, or a story of choice to share with family and friends outside!
